

TWO LOSE LIVES IN DRUCE AND PISTAKEE LAKES

**Joseph Zielinski and
John Wertz Jr.
are Drowned**

Being unable to keep afloat after swimming only a few feet of the short distance from a raft to the shore of Druce lake, Joseph Zielinski, 22, of 5117 South Wood street, Chicago, sank to his death at 4:30 o'clock Sunday afternoon. The cause of his drowning was believed to be exhaustion.

Bathes With Others

Zielinski, with his sister and a party of friends, all of whom were members of a Chicago Choral club, were enjoying a day's outing at the lake and in the afternoon the young man, in company with several other members of the group, decided to go in bathing. After propelling himself for a short time in the water near the beach, the victim swam out a distance of about 200 feet to a raft.

Goes Down After Short Struggle

After he had remained at the spar for a few minutes, the young man turned and started on his way to shore again. He swam successfully for about 50 feet and then went under, following a short struggle. The alarm was sounded by George Bowler, Druce Lake, who was among those that witnessed the drowning. Each of Bowler's several successive attempts to rescue Zielinski failed. It was Alex Shedden, also of Druce Lake, who located the body in his first dive, but as he needed air he was unable to bring it immediately to shore. After he had come to the surface and called for a boat, he dove again, this time bringing Zielinski with him. Shedden kept the victim on the surface of the water until a boat was brought to the scene of the trouble.

Body Recovered in Eight Minutes

Even though the young man's body was recovered within eight minutes after he went under, resuscitation efforts of two physicians, Dr. U. J. Grim and Dr. Hayes, both of Druce Lake, were futile. They worked over him for nearly two hours with the aid of a lungmotor. A third physician, Dr. Calvin Smith, formerly of Waukegan, but now of Druce Lake, also assisted in the fight for life.

Sister Watches Rescuers

Not aware that it was her brother over whom the rescuers were working, Miss Estelle Zielinski, 18, stood on the strand and watched the fruitless efforts of those who attempted to save the victim's life. She did not learn that it was her brother until sometime later, when she started to search for him.

Jury Declares Death Accidental

The dead man was taken to the Leo S. Carvis boat house, where an inquest was held at 7 o'clock by Dr. Maurice Penny, Libertyville. Penny is acting county coroner. A verdict of accidental drowning was returned by a coroner's jury composed of Leo S. Carvis, Charles Ellman, Frank Brunson, William Delle, and E. Sawica, after which the body was taken to Chicago for burial preparation.

Drowns at Pistakee

While attempting to save a young woman from perishing in the water at Pistakee lake, McHenry county, John Wertz Jr., 25, of McHenry, the son of an excursion boat captain, was drowned. The girl, who has not been identified, was later saved by a passing boat.

Was Returning From Tour

When the accident occurred, young Wertz was returning to McHenry in his father's boat, in which there were 150 excursionists. The party was on a tour of the lotus beds in the lake. As soon as the girl fell from the side of the boat, the young man immediately thrust himself into the water to recover her. Although thought to be an expert swimmer, Wertz went down shortly before reaching the young woman.

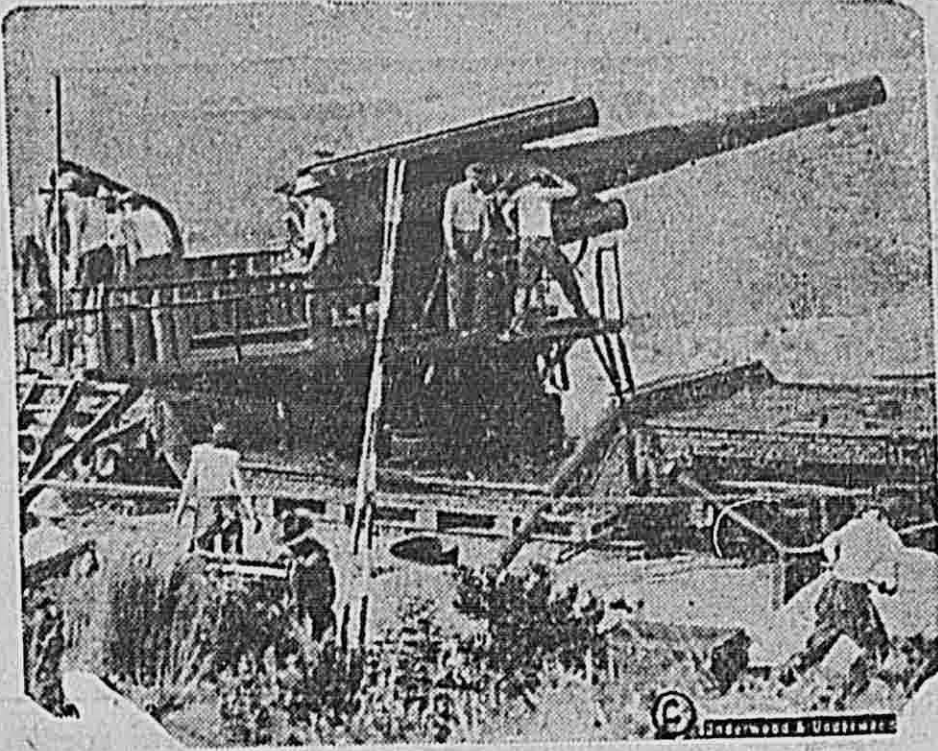

As the elder Wertz was positive that his son had been drowned, he proceeded on his way to McHenry, in order not to delay the excursionists.

CARS COLLIDE NEAR GRAYSLAKE AND MUNDELEIN; 4 HURT

**Miss Sheldon, Mrs.
Getseman and Chil-
dren Bruised**

When their small coupe dashed against a moving freight train on the E. J. and E. railroad crossing at Lake Zurich, Frank Hammond and Mable Colburn, both of Harvard, escaped injury, but the car was smashed beyond repair. According to Deputy Sheriff's Walter Gansberg and Harry Quandt, the engine was backing across the road when the accident occurred. The collision, it is said, disturbed the traffic for a distance of about five miles.

Collide Near Grayslake

The collision of the car in which she was riding with one driven by Frank Shannon, Milwaukee, resulted in the serious injury of Miss Lillian Sheldon, 1421 So. 50th court, Cicero. She was unconscious for five hours and was badly cut and bruised.

As reported by deputy sheriffs, the mishap occurred near Grayslake on Saturday at midnight. Miss Sheldon was the only occupant who was injured.

Three Hurt Near Mundelein

The overturning of their automobile after it had collided with another machine on the Mundelein road west of Mundelein was the cause of the serious injury of Mrs. Walter Getseman, her daughter, Cora, and her son, Robert, all of Chicago. The casualty occurred at three o'clock Sunday afternoon, and Mrs. Getseman's husband was driving the car. The boy sustained a severe cut on his head, while his mother and sister were only slightly bruised. He was taken to Libertyville for medical attention and later the trio were removed to the Condell Memorial hospital.

KLASS ANNOUNCES UNUSUAL VALUES IN MEN'S APPAREL

**"Word of Honor" Sale Will
Clear Decks for Fall,
Otto Says**

Following the practice of "clearing the decks every season", which he believes to be sound business judgment, Otto S. Klass, Antioch clothier, has announced an unusual merchandise event to begin Saturday morning at 9 o'clock. Mr. Klass has designated the great bargain-giving event as a "word of honor" sale in which he stakes everything, the past and future of Klass quality merchandise. He lays especial emphasis on the fact that every price quoted is a genuine sale price on the regular high class merchandise handled by the store, that no goods have been bought specially for the sale, and that there are no left-overs to dispose of.

An attractive two page ad in this edition carries announcement of the big sale.

OFFICERS HAVE RIGHT TO COMMANDEER CARS; SAYS LEGAL AUTHORITY

**Cannot Compel Motorist to
Drive Faster Than Law
Permits**

While police in Illinois, Indiana and Wisconsin have the right to commandeer an automobile and order the owner to assist them in chasing a criminal or otherwise enforcing the peace, they cannot legally compel the motorist to drive faster than the law permits, nor to drive at a speed that would endanger life, limb or property.

That opinion was given by the legal department of the Chicago Motor Club in response to the mooted question of the extent to which an officer can compel a motorist to assist him in the apprehension of law violators.

"Every state has a law which provides that the citizenry shall aid the police when called upon to do so," the opinion stated. "Those laws do not contemplate, however, that the citizens shall act in a manner that will constitute a hazard to public safety. If a police officer asks the driver of a car to chase a speeder or other miscreant, the driver must obey, but only within certain limits. The officer is without authority to rescind prevailing speed limits during the chase; the driver, therefore, is still bound by them. Should the car collide with another vehicle, the driver is liable for damages, if he is at fault, despite the presence of the officer. The latter in no way lessens the car owner's liability."

"The somewhat common presumption that the city or county may be liable for damages in a crash in which a car commanded by the police is involved is entirely erroneous. The police officer, if injured, would probably be entitled to the benefits provided by the workmen's compensation act, but the others would be forced to seek redress from whoever was at fault."

Miss Ella Ham, Marengo, is visiting with her sister, Mrs. Sarah Emmons.

HOUSE NUMBERING IN ANTIOCH STARTS FRIDAY MORNING

**Shiny Numerals to Be-
deck Homes and
Business Places**

Yeah! Antioch is becoming civilized. The biggest little town in the state is taking another step forward. No more will its citizens be humiliated by having to tell strangers that their home is down the street a couple of blocks, third house east of the bootlegger's joint, or that you reside in the brick bungalow on the next side street. That's old stuff now, all ancient history of the early days of the town, because—Antioch's houses are being numbered. The long waited day comes tomorrow when the process of affixing the numerals begins.

Brass, Gold, or What Have You
Aluminum numerals will be supplied free, but if you want brass numerals you will have to pay for them, and a charge is also being made for gold numerals that will be offered to business firms.

Pioneers in the project deserve credit. The move, inaugurated by the civics class at the high school, was brought to the attention of the village board and the Antioch Business club for sanction and co-operation months ago, and Principal L. O. Bright, Charles Wertz and Homer LaPlant made the survey. Charles Martin, Chicago manufacturer, who has his summer home at Cross Lake, supplied the numerals, and the Antioch Business club is pledged to pay for the labor of having the numbers placed on the houses.

The Antioch News is at the same old stand—865 Main street. What's your number?

Graf Zeppelin To Fly Over Lake County

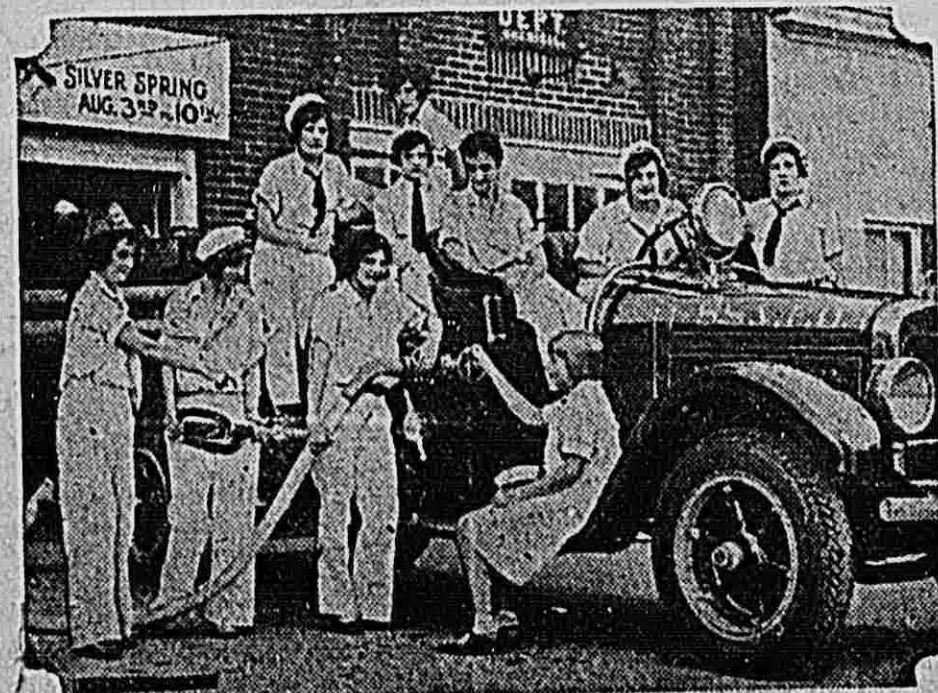

**Waukegan Commerce Body
Urges Pause in Flight
Over City**

Lake county residents along the north shore may have opportunity of viewing the Graf Zeppelin at close range when the world-circling dirigible makes its flight from Chicago to Milwaukee early next week, if Dr. Eckener and the German consulate at Los Angeles heed the invitation carried in a letter dispatched to the California city yesterday by the Waukegan chamber of commerce.

Flight Over Waukegan Certain
It is understood that Dr. Hugo Eckener, commander of the giant airship is intent on flying over both Chicago and Milwaukee. In the daytime partly with the intent of giving the passengers a view of these cities in the daylight and also in order to permit the millions of residents in the metropolitan areas of the two communities a view of the giant craft.

The letter which was dispatched by the chamber via airmail yesterday afternoon will be delivered in Los Angeles on Friday it is believed, a day before the scheduled arrival of the great ship which is due to take off from Tokyo for Los Angeles, yesterday afternoon. Dr. Eckener expects to cross the Pacific ocean in three days.

Firewomen Make Good Year's Record

JOYCES RETURN FROM EUROPE

Mr. and Mrs. P. H. Joyce returned Saturday from London, England, where Mrs. Joyce had been since June. Sailing for Europe June 22 on the ship Leviathan, Mrs. Joyce was the victim of a paralytic attack two days before the ship landed. The return voyage was started ten days ago when there was a marked improvement in her condition. Today she is resting at her Fox Lake home and is reported to be slowly recovering from her illness.

TWO MEN SLUGGED AS CAR IS STOPPED ON TREVOR ROAD

**Lewis Ricci, Fox Lake,
and Charles Rowling,
Grayslake, Victims**

As the result of being slugged when their machine was suddenly brought to a halt by the signalling of one of the sluggers, Lewis Ricci of Fox Lake is in the Lake County hospital with a fractured skull, broken jaws, and two swollen and discolored eyes and Charles Rowling of Grayslake is recovering at his home from less serious injuries which he sustained. The hitting act occurred at 2:30 o'clock Sunday morning on the gravel road which leads from Trevor to Camp Lake, Wisconsin. The victims were stopped by five or six men, the occupants of a DeSota automobile. The slugs who gave the signal stood near the car, which had been pulled over to the side of the road.

Beaten in Attempt to Aid Pal

After the sluggers had succeeded in bringing to a halt the car in which the two victims were riding, one of them gave the word that Ricci was the one whom they were seeking. They told Rowling and Frank Tracks, Waukegan, who was the second companion of Ricci, not to interfere in the struggle. Refusing to obey these commands, Rowling left the machine and as he was attempting to give assistance to his pal, he was knocked down three times by the heavy-hitters.

Sluggers Escape

Leaving their victims lying on the ground, suffering from the attack, which had lasted for several minutes, the sluggers jumped into their cars and speeded away. Tracks, who had remained in the car and was uninjured, then drove the injured men to the hospital.

Ricci Hurt Worst

As declared by Dr. Karl Beck, Ricci is in a very serious condition, but it is expected that he will recover unless complications set in. Due to the fact that his face was badly crushed, physicians are led to believe that the sluggers must have manipulated blackjacks or some blunt instrument in administering the severe blows.

In Search of Clues

Although available clues are meager, the sheriff's office is making desperate efforts to locate the assailants. According to authorities, no motive for the act has as yet been obtained and it is believed that it was a case of mistaken identity. Tracks told a member of the sheriff's force that he believes that he can identify the sluggers if he sees them again.

FARMERS WELCOME HINT OF VOLUNTARY MILK PRICE RAISE

**Large Companies Said
to be Willing to
Grant Increase**

News that the large dairy companies are willing to increase the price they pay for milk was being discussed here by dairy farmers yesterday. According to reports received here, the companies are willing to grant a higher price following the expiration of contracts this September, and the raise is to be made without protest from the larger companies. The price to the consumer, however, will not be higher, it was indicated.

Favorable conditions have prevailed in the industry for many months, and farmers are reported to be willing to accept a smaller increase than they demanded last winter when the "milk war" raged in the Chicago producing area. Present conditions indicate that there is to be no recurrence of the milk strike this year, prominent producers said today.

STATE HIGHWAY DEPARTMENT OKAYS STREET WIDENING

**Will Eliminate "Bottle-
neck" at Main and Or-
chard Intersection**

Tentative permit from the Illinois State Highway department for widening Main street (Route 21) for a distance of 60 feet on both sides of the Orchard street intersection was received by the village this week. The improvement stipulated is the widening of Main street by the construction of additional brick pavement that will vary in width from 4 to 6 feet.

In issuing the permit, G. N. Lamb, district engineer, warns that before making tunnels underneath the pavement called for in the permit, detailed instructions as to the method of procedure should be obtained from A. L. Hartman, state engineer, Waukegan, who will supervise the construction of this work in the highway in order that the improvement will meet with the requirements of the state highway regulations.

SCHOOL BELLS SOON TO END VACATION

**High School Begins Sept. 3;
Registration Day Is
Next Monday**

In a brief ten days the school bells of Antioch will summon high school and grade school students to their text books after a joyous summer vacation that has seemed too short. School begins in Antioch, September 3, the day after Labor day.

Registration day at the Antioch Township High school will be next Monday, August 26, according to announcements sent out this week by Principal L. O. Bright. It is important, the announcement states, that all pupils register on that date to be assured of the subjects they wish. Freshmen should be on hand at two o'clock with their eighth grade diplomas or evidences of such. Sophomores will register any time after noon except from 2:00 to 3:00, and the juniors and seniors are expected to register any time before noon. Parents are invited to discuss selections of courses.

Mrs. Clara Crandall, this city, and Lester Waters, Grayslake, were married at Waukegan Saturday evening, the Rev. Ganster performing the ceremony. They will make their home in Waukegan, where Mr. Waters is employed at the Public Service company.

Mr. and Mrs. H. P. Lowry motored to Hebron, Illinois, Sunday afternoon, calling on Mrs. Randall.

CREDIT CONSCIOUSNESS NEEDED

Ask any business man to what he attributes his success and he will probably reply that it was due to the fact that his credit was good. You ask, "how does he get by with that 'good credit stuff'?" Because all during his business career, he paid strict attention to the bills which he "run".

Most any business man will agree to the above statement. Good credit is a man's most priceless asset. You never know when a rainy day is coming. It is best to be prepared for it by either establishing or upholding your credit. Even your best friend will refuse to give you financial assistance, no matter how good a fellow you are, if you belong to that class of people who "can't get trusted".

It won't be long now until the first of the month will have rolled around again. Better begin pinching and squeezing right now so that you will have cleaned up all outstanding debts, large and small, before September 1. If you aren't that kind of a man who is called in the business world "good pay", you ought to profit by this "sermon".

WHO PAYS THE BILL

In the end who pays the cost of advertising? Like most other questions which have to do with that subject, this one cannot be answered without thought. Statisticians have figured out that advertising is one of the most expensive businesses in the world and yet successful business men would not think of discontinuing this means of boosting what they have to sell. Why? Because advertising yields results and in the end the increased number of sales more than pays for this additional expense.

In the end, it is usually the non-advertiser who pays the bill, because he is not able to make as many sales as does the advertiser. Therefore his prices have to be higher and even then he loses out. In very rare cases the advertiser does have to pay, but not if his advertising is effective and his business methods efficient. He considers advertising a part of his business and gauges it by the results which it produces.

Advertising should not be considered an expense by the consumer, because due to the fact that the business man is able, through the medium of advertising, to increase the number of sales which he makes, it is possible for him to greatly reduce the prices of what he has to sell. Thus advertising is a powerful force which makes for economy in all American business.

COMMUNIST HOLIDAY FAILS

August 1, was to have been a Communist "holiday". All over the world, in the great cities, special details of police were on duty to keep order in case of demonstrations by the radicals on behalf of the "exploited" and "oppressed" wage earners.

August 1, came and nothing happened. It was merely another day. The Communist demonstration was a flat and pathetic failure. In this country, especially,

the workers seem content to ride about in their automobiles, live in modern homes, attend high-grade amusements and work for good wages under the best of conditions.

It is from sources other than communism that danger threatens American ideals and traditions. The slow encroachment of local and Federal socialism that has placed our government in competition with various lines of industries, all the way from printing envelopes to carrying freight and doing a banking business, is insidiously undermining the doctrines of individualism and personal liberty.

As the politician is exalted, the private citizen is pushed down. Such a tendency constitutes the greatest menace to democracy and free government.

PIONEERS IN AIRWAY MARKING

Only a few years ago a tire company, at its own expense, put markers along the Pacific highway giving travelers at that time the only authentic information as to the distance along the route.

Today, less than 15 years later, the airplane has brought a new method of travel. Few flyers know anything about navigation or the art of following a course without land marks to guide them. As a result airway beacons are essential for safety in flying, particularly at night.

The Richfield Oil Company has adopted a progressive program of building 8,000,000-candlepower steel beacons in conjunction with its modern gas stations, approximately every 50 miles along the Pacific highway from Canada to Mexico. It is said that these beacons are visible in clear weather for 50 miles and the light which illuminates them will penetrate fog and mist for a great distance.

Thus has a private company again stepped into the breach and marked our newest transportation routes, namely, the airways, and made them more safe and practical for amateur flying as well as mail and transport planes.

These beacons would cost local communities thousands of dollars which could never be raised for a uniform system through several states. Erected as they are they illustrate the duty which private industry feels it owes as a public service in conjunction with the operation of its business which is of such a widespread public character.

BETTER CONSTRUCTION REDUCES FIRE WASTE

Teaching carefulness in regard to fire is a never-ending job, in the opinion of C. A. Ludlum, of the National Fire Waste Council.

"It seems to be necessary," he says, "if any impression is to be made, to create, if possible, a habit of caution and carefulness on the part of the individual citizen by constant reiteration and preaching of fire prevention."

"It is admitted and recognized that all fire losses are in the final analysis paid by society and that every fire loss accordingly represents a real loss to society, but the average individual is not much concerned over the final analysis from which he feels himself quite remote."

"Building to resist fire is as important as is the teaching of carefulness, and it should be apparent that all organizations interested in America's fire-safety and the conservation of its created resources should sponsor a safe and sane construction program that would reflect credit upon community intelligence, and combine their resources and informed knowledge to bring about greater fire resistance in buildings."

The housewives of this city have been pestered during the last few days by begging vagrants. They were quite classy too. One woman had one at the back door and one at the front door at the same time; can you beat that? If these so-called tramps are really in need due to inability to find work, illness, or some other worthy cause, they are to be pitied and people should help them, but if they belong to that class who make a practice of begging from house to house to get out of work, something worse than pity should be "dished out" to them. As a matter of fact that's hard to tell.

Ever since the term "Moonshine" was invented, newspapermen have commented time and time again upon the detrimental effects which result from drinking the stuff. If you don't believe what they have been trying to tell you, try the following recipe which was advanced by a noted chemist.

"To two large coils of barbed wire and four gallons of well-seasoned roofing nails add one gallon fuming nitric acid. Let the mixture simmer slowly until the wire and nails are dissolved then distill once. Pour off into tin cans, age for one hour, and sell to strangers at two dollars per pint."

There are two ways in which mosquitoes resemble English bulldogs. They are fearless in that they will attack anything which walks, flies, or swims and when they bite they believe in making a good job of it.

The widening of Orchard street had a lot to do with the increased thumping of horses' feet on Main street—a phenomenon of yesterday.

Speaking of horses thumping on Main street, horseback riding is quite the vogue in Antioch at the present time. When the members of the "younger set" find it impossible to calm the pet pony pets by feeding them ice cream cones and lolly-pops, they call upon some of Antioch's "hemen", who get a big "kick" out of the modern girls' attempts (it is mostly attempts) to imitate the fair ladies of Sir Lancelot's time.

Pat Lowry walked into the News office Tuesday afternoon and tried to pull some of that "Ladies first" stuff. We admire him for his courtesy; most members of the unfair sex couldn't be bothered with anything like that.

Antioch folks have a great many things for which to be thankful. Instead of always trying to make over the other fellow, begin right now to try that stunt on yourself and take him for the goodness and helpfulness which is in him.

It's a good policy to keep up with the procession, but just remember that you're getting pretty far out of line when you're behind with the butcher, the baker, and the grocer.

The Lake County Register says that it "positively refuses to accept" the weed-cutting alibi from any man who drops dead in Libertyville. Would it work in Antioch?

The number of pleasure seekers who pass through Antioch daily makes one wonder where they are all going. It seems as if people are

furnished by said Board and in compliance with instructions thereto attached, which can be had on application to Harry A. Isaacs, Village Clerk, and must be accompanied by cash or by check payable to the order of the President of said Board of Local Improvements in his official capacity, certified by a responsible bank in an amount not less than ten per cent of the aggregate proposal.

The contractor shall be paid in bonds which shall bear interest at six per centum per annum and vouchers against the first installment.

No bids will be received unless the party offering shall furnish evidence satisfactory to the Board of Local Improvements that he has the necessary facilities, ability and pecuniary resources to fulfill the conditions of the contract and execute the work should the contract be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

The Board of Local Improvements reserves the right to reject any and all bids as authorized by law.

Bright Edge of
Flavor

Mayonnaise Dressing

3 level teaspoons mustard, 1 teaspoon salt, 1 teaspoon powdered sugar, 2 egg yolks, 2 tablespoons lemon juice, 1½ cups salad oil.

Into the well-beaten egg yolks stir the dry ingredients, then the lemon juice. Add the oil gradually, beating the mixture constantly. Add a little more lemon juice if it becomes too thick to beat, then add the remainder of the oil.

Cherry Mayonnaise

To the above recipe for mayonnaise dressing, add ½ cup maraschino cherries. This is very nice with fruit salad.

French Dressing

½ cup oil, 2 tablespoons vinegar, 1 teaspoon paprika, 1 teaspoon powdered sugar, ½ teaspoon mustard, 2 teaspoons salt, dash cayenne.

Place all of the ingredients in a bottle or cruet, chill, shake vigorously just before serving. A little onion juice, garlic or Worcestershire sauce may be added if desired.

Orange Dressing

To the above recipe for French dressing, add ½ cup orange pulp and a little salt, if desired. Serve with fruit salads.

Clove Dressing

To the recipe for French dressing, add 1-8 teaspoon ground cloves. Gives a new flavor to fruit salads—especially if canned pears or peaches are used.

Cucumber Dressing

To the recipe for French dressing, add ½ cup grated cucumbers. A delightful dressing for green salads, or for salmon salad.

Harlequin Salad Dressing

To the recipe for French dressing, add ½ cup finely chopped beets, ½ hard boiled egg chopped fine, ½ teaspoon chives. (A few drops of onion juice and 1 teaspoon finely chopped parsley may be substituted for chives.) A gay and colorful dressing for endive or heart of lettuce.

Russian Dressing

1 cup mayonnaise or bottled dressing, 2 tablespoons thick chili sauce, 2 tablespoons tomato catsup, 2 tablespoons Worcestershire sauce.

Mix together thoroughly the other ingredients and to them add the mayonnaise. Serve this with lettuce.

Boiled Dressing

½ cup cream, ½ cup milk, 4 tablespoons sugar, 2 tablespoons flour, 2 level teaspoons mustard, ¼ teaspoon salt, 2 egg yolks, ¼ cup vinegar, whipped cream if desired.

Heat the cream and to it add the dry ingredients stirred smooth with the milk. Cook over boiling water until thick, then add the beaten egg yolks and vinegar and cook for 3 minutes more. When using dilute with whipped cream if desired.

Golden Dressing

1 cup canned pineapple juice, yolks of 2 eggs, ¼ cup sugar, 2 tablespoons flour, 2 level teaspoons mustard, 2 tablespoons lemon juice, 1 cup whipped cream.

To the hot pineapple juice add the sugar, flour and mustard which have been mixed together. Cook in double boiler until thick. Add to the beaten egg yolks and lemon juice. Return to double boiler and cook 3 minutes more. When cool add 1 cup of whipped cream.

Honey Dressing for Fruit Salad

One-third cup honey, 3-4 cup water, 1 level teaspoon mustard, ½ teaspoon salt, paprika, ¼ cup vinegar, 1 tablespoon flour, 2 egg yolks, 1-3 cup sour cream.

Heat the honey and water in a double boiler. Mix the dry ingredients with the vinegar and add to the first mixture. Pour a small amount of the hot mixture over the beaten egg yolks and return to the double boiler. Cook all together until clear. Add the whipped sour cream just before serving.

Dressing for Potato Salad

2 tablespoons flour, 2 tablespoons sugar, 1 level tablespoon mustard, 1 teaspoon salt, ¼ cup vinegar, 2 tablespoons butter, dash of pepper, 1 cup cream.

Mix dry ingredients well, add vinegar and butter. Cook in double boiler until it thickens, stirring constantly to keep smooth. Cool. When using, add 1 cup of cream gradually.

A Good Camp Dressing

4 tablespoons flour, 1 tablespoon salt, 1 level tablespoon mustard, dash of red pepper, 1 cup water, ¼ cup vinegar, 3 tablespoons butter.

Mix dry ingredients. Add water

Sally Ann's
Adventures

at Her Home

Sally Ann has left grandpa's house, boys and girls, and she is now in the big city where her daddy and mamma are, but of course she didn't go alone. She went with her grandma who is going to spend a vacation at Sally Ann's house.

How big and awful the cars seemed to Sally Ann, especially the large black roaring engine that was to pull them to her house. When all the satchels were loaded, they climbed into one of the large coaches and very soon, the bells began to ring, the soon the bells began to ring, the whistle to blow and the big engine to puff. The train moved faster and faster until everything just flew. By this time Sally Ann knew for sure that she was on the way to see her mamma and papa. They rode for two days and two nights, the train stopping many times to take on some more people and all night the big engine puffed and puffed.

When the conductor said, "Boston, Boston", Sally Ann said to her grandmother, "Is this where daddy and mamma lives?" and grandma said "Yes". As they looked out of the train window, there was mamma to meet them.

After she had given Sally Ann and grandma a big hug and kiss, they all went over to the large bank where daddy was. He was president of it and so he couldn't get away to go to the train. When they got on the street car, Sally Ann told her mamma that she liked to ride on it better than she did on the pony that her grandma had, because the cars wouldn't run away nor kick like old Nell did.

Of course daddy was just as delighted to see grandma and Sally Ann as mamma was. They waited in the bank for just a little while and then Mr. Benson was ready to go with them. (You never knew what Sally Ann's real name was before, did you, boys and girls?)

Just as soon as they got home, what do you suppose Sally did? Well sir, she went right out to the garage to see her little doggie. His name is Tippy. Oh, he is the cutest little dog you ever saw. Guess what color he is. No not black and white, but brown and his ears are so big that they almost cover his head. You just can't imagine, boys and girls how tickled Sally Ann was to see Tippy and how tickled Tippy was to see Sally Ann. Poor Tippy just cried and cried he was so glad to see his little playmate again. Sally Ann hasn't any brothers and sisters you know and so she has to play with Tippy.

After dinner, she ran upstairs and brought down all of her dolly's clothes; then she called Tippy into the house and why do you suppose she wanted him? Well she dressed him all up so he looked almost like her big doll, whose name is Mary

and vinegar very slowly to prevent lumping. Heat in double boiler and when warm add butter. Cook until thick, stirring constantly. When thick, may be thinned if desired with cream or oil. This dressing keeps a long time and is very useful when eggs and milk are not available.

Buy Some of Antioch's
Good Fruit and Try
These Dishes

Plums, pears, peaches—so many fresh fruits are on the market in Antioch at the present time, it isn't difficult for the housewife to have a variety of desserts throughout the week.

Stewed plums, stewed pears, or stewed peaches are delicious for breakfast, but who wants stewed fruits three meals a day? No one! Want to try something that's absolutely brand new and something that has been tried by the writer? Buy some plums—then proceed.

Stew enough plums for a pie. In another pan beat the yolks of one egg with two rounded tablespoons of cornstarch and a little cold water. After the plums have cooled, pour them in the egg and cornstarch mixture, sweeten to taste, and cook until thick, like a custard. Mix in stiffly beaten white of the egg. Pour the mixture into a pie shell which has been baked previously. Place in the oven at a moderate temperature and bake for 10 minutes.

Apple pie and cheese is a standard American dessert—especially at lunch counters. Surprise the family by serving the pie and cheese in a different way. After the crust is filled with apples, grate cheese all over the top, put on the second crust, bake—and oh! what a pleasant surprise!

If you have an electric refrigerator place some applesauce in the freezing unit and you'll have a dish unique. Call it Apple Ice and serve with cheese wafers. The apple sauce, of course, may be frozen in any kind of an ice cream freezer.

If you are fond of peaches, you will certainly like this dish. Try it, anyway. It is new and it's tempting to look at and delicious to eat. What more can be expected? Make a custard of two tablespoons cornstarch, two egg yolks, three cups of milk and a teaspoon and one-half of vanilla. Boil until thick. Cover the bottom of a dish with some of the custard. Then put in a layer of peaches, fresh sliced ones. Cover this with some of the egg white which has been stiffly beaten and to which sugar has been added. Then place some more custard in the dish, some peaches, and some more egg white. Brown top in oven. Serve with toasted graham crackers.

Spreading Printed Word

William Caxton made the first printing press of England in 1477. Frederick Koenig the first cylinder press, and the modern web press was made by Richard Hoe, New York, in 1871, and perfected to its present state.

NOTICE

There will be instruction in the Eastern Star Tuesday, August 27, from 1:30 to 4.

Lou. Poor Tippy could hardly walk, but he wouldn't bite Sally Ann for anything. There was just one thing that Sally Ann forgot to bring down stairs that she wanted to put on the dog and that was her dolly's wrist watch. When she got up stairs the second time, she saw something that made her cry awfully hard. You'll find out what it was next week, boys and girls.

TREVOR FIRE DESTROYS
THRESHING MACHINE
AT C. MIZZEN HOMEWilling Workers Meet; Are
Dressed in "Old Time"
Costumes

A fire of unknown origin was discovered Thursday evening by passersby at the Caesar Mizzen home. The Antioch fire department was called immediately, but the fire had gained such headway that the large stack of straw and the separator belonging to George Higgins were entirely destroyed. Had the wind been in the opposite direction, the barns and house would have also been destroyed.

The Willing Workers met with Mrs. William Evans on Thursday at eleven o'clock to tie a comfort. The members and visitors were requested to appear in "old time" costumes. As each woman arrived, she appeared a little more ridiculous than the former. A bountiful dinner was served, after which they were grouped on the lawn and several snap shots taken. Any one suffering from melancholia would do well to see one of these pictures.

Mrs. Albert Marten and daughter, Jetty Jane, Miss Gertrude Mathews, Waukegan, and Miss Marian Mathews, Milwaukee, called on their aunt, Mrs. Joseph Smith, Saturday.

No. 33

Published in the interest of the people of Antioch and vicinity by H. R. Adams Lumber Co. H. R. Adams, Editor Rex Bonser, Mgr.

The melancholy days have come.

The saddest of the year.

It's a little too warm for hootch.

And not hot enough for beer.

It is not really the merchandise itself that you buy, but the use of that merchandise. Keep that in mind when comparing prices.

Move along with the world—or it will move along without you.

Diner: "Why does that dog sit there and watch me all the time?"

Waiter: "You've got the plate he usually eats from, sir."

"COMFORT"—

yes, we can show you how to put more of it into your home at small expense, whether it be an old home or a new one.

We wonder if Solomon ever tried to trade in a forty-year-old wife for two twenties.

Dollars are like bees, when they go too far from the hive they get lost. This town would be a more busy hive if we kept more of our dollars at home.

Our fall supply of Pocahontas coal is arriving every week. Place your order now and save money.

Mr. and Mrs. Rex Bonser and children are spending their vacation in southern Illinois and St. Louis.

When you want protection in wall

board, use Sheet Rock. It is the perfect wall board.

Don't make the mistake of using poor cement on any repair or building you do this fall. You'll find it far more satisfactory to use Lehigh cement. Let us tell you why.

Indignant Parent (6 a. m.): "Young man, what do you mean by bringing daughter in at this hour?"

Flaming Youth: "Well, I gotta be at work by 7."

Hush, little drug store, Don't you cry, You'll be a lunch-room By and by.

Mr. and Mrs. Anderson Entertain on Silver Anniversary

Ridgemoor country club was the scene of a happy gathering Tuesday night when Mr. and Mrs. Charles K. Anderson entertained 200 guests on the occasion of their silver wedding anniversary.

Lake Catherine and Antioch people in attendance featured a mock wedding to the great amusement of the guests. Mrs. Bertha James Carroll, Chicago, who was a flower girl at the original wedding 25 years ago, sang "Roses of Picardy", "I Love You Truly" and other selections, and Mr. Emmerson Abernathy, choir leader of the People's church, Chicago, also sang several solos. Preceding the dinner, the men in attendance played golf.

A five-course dinner was served at tables which were beautifully decorated with flowers. The wedding cake was immense.

W. C. Chinn, Chicago, was toastmaster and those upon whom he called were, Dr. A. G. Johnson, best man at the original wedding, E. M. Runyard, Waukegan, who spoke on behalf of the Antioch people, W. F. Haineh, Norwood, and Everett Thornton, Chicago, who gave the Ridgemoor toast. A five-piece orchestra from Chicago furnished music for dancing.

Mrs. Anderson was lovely in a gown of black lace trimmed with silver dragons. Many gorgeous gifts were presented to the honored ones.

Among the 200 guests who were present were Mrs. Chase Webb, Antioch, and Mrs. Ollie Milne, Chicago, who were bridesmaids at the original wedding 25 years ago.

The Thimble Bee is meeting again at the home of Mrs. Rhymer on Thursday afternoon. The society is sewing for Wesley Memorial hospital in Chicago, which is our own Methodist hospital.

The Sunday school and church picnic will be held on Thursday, August 29, to which everyone interested in the welfare of our church is invited. This is for adults as well as for children. The Thimble Bee will hold its meeting at the picnic on that day instead of meeting separately. A pot-luck picnic dinner will be served at noon. Races of various kinds and games in which all can participate will be among the interesting features of the day. Those planning to attend will meet at the Methodist church no later than 10 o'clock, where means of conveyance will be provided. Your presence and cooperation will help to make this happy occasion a success.

The All-church social, sponsored by the Men's choir, will be held Tuesday evening, August 27. The hour will be 8 o'clock and the place is to be in the Methodist church basement. This is not alone for the choir members, but for everyone. The men are to furnish and to serve the refreshments as well as have charge of the games. A pleasant evening of fellowship and fun is in store for all who can attend. This is a personal invitation to you to be present.

The services for Sunday, August 25, are Sunday school at 9:45. Mrs. Rex Bonser is superintendent of the Primary department, and Rev. Bohl is acting as superintendent of the Junior and senior department. There are teachers and classes for all ages. The attendance last Sunday was 74. Our goal is 100. We can have a hundred present if we all work to that end. Morning worship follows the Sunday school, at 10:45. This includes Junior church. There will be special music. You will always find a cordial welcome.

ZAHNALE AND STEVENS TO MEET IN WINDUP AT PALACE FRIDAY

Fine Supporting Card of Six Bouts Will Please Fight Fans

One of the best windup bouts seen for weeks at the Palace has been arranged for tomorrow night between Charley Zahnale, Highland Park, and Jackie Stevens, Hippodrome A. C. Fans know these fighters, and they also know that when either of these boys step into the ring it means a fight.

Incidentally, it may be stated that Promoter Macek is staging the best possible amateur cards at the Palace every Friday night. Many boxers seen at the Palace are of national reputation, some have already joined the ranks of professionals and others are ready to do likewise.

Six Other Good Bouts

Besides the windup, which is sure to be a hummer, six other good bouts will be seen tomorrow night. They include: Bobby Juhrend, Golden Glove winner, who meets Howard Craft, Grayslake, billed for the semi-windup; Loy Mullins, Deerfield, will trade punches with Red Schneider, Waukegan; Jimmy Raymond, Belle Plaine, and Charlie Murphy, Hippodrome, will climb into the arena for the fourth bout; Paul Harris, Grayslake, and Kark Ogren, Kenosha, out to be good for three fast rounds; Lyle Drake, Chain O' Lakes, vs. Henry Rasmussen, Racine, and Sammy Valos, Waukegan, vs. Ben Berliner, Forest Park, will appear in the first two preliminaries. The menu for tomorrow night looks good, and it will be good from the opening bell until the judges give their decision, or there is a kayo at the close of hostilities.

Bauman Kayos Mollener

Stanley Bauman, Milwaukee amateur heavyweight, put Frankie Mollener, Chicago heavy, down and out for the full count in the third round of the windup battle at the Palace last Friday night. Bauman out-pointed his opponent in the opening rounds, but Mollener retaliated with some solid punches. In a mix-up in the third round one of Bauman's right crossed caught the Chicago heavy on the "button" and he went

down for the count. It was the only knockout victory of the evening.

Rudy Peterson lost a fast four-round battle to Lloyd Barber.

Paul Harris, Grayslake, lost a three-round decision to Fred Weibel.

Jackie Stevens won over Frankie Andrews in four rounds.

Walter Siren defeated Joey Pitts in an excellent four-round fight.

Spaulding Whitman won in four rounds over Mac McLaughlin.

William LaPlante won the decision over Frank Stanzer in a good three-round bout.

BRISTOL TOWN VOTES AGAINST MODERN FIRE APPARATUS; 62 TO 12

Miss Margaret Powell and Charlie Gillmore Marry

Acting upon a petition signed by several residents, urging better fire protection, the town board called a special meeting in the town hall which was well attended. The resolution presented authorized the town board to spend a sum not exceeding \$6,000 for the purpose of modern fire apparatus. After due discussion, pro and con, the resolution was put to a vote and turned down by the overwhelming majority of 62 to 12, although the sentiment seemed to prevail that the present water supply was too limited to provide adequate protection. The majority thought the time inopportune for spending so much money and voted accordingly. Those in favor of modern apparatus claim that only a costly fire will arouse the proper interest for securing needed equipment. Then, when the damage is done, the opponents will change their minds. Other towns, it is claimed, have done likewise under similar circumstances.

The wedding of Miss Margaret Powell to Charlie Gillmore, both of southeast Bristol, took place in Wesley Chapel church Wednesday, Aug. 14, at 2:30 o'clock. The bride and groom were attended by Miss Lora Powell, sister of the bride and Frederick Gillmore, son of Mr. and Mrs. B. J. Gillmore. The little flower girls were: Ruth Powell, Kenosha, and Leona Gillmore. The bride was given in marriage by her father, Edmond E. Powell.

The bridal party took their places to the strains of Lohengrin's wedding march played by Mrs. Nettie Gethen. Mrs. Hazel Gillmore, Kenosha, sang a solo, "At Dawning," very impressively. The ring ceremony followed, performed by Rev. David Johnson.

The recessional bridal chorus was played by Leslie Holbrook, Kenosha, on the violin with Mrs. Gethen at the piano. The church was artistically decorated with white bells and streamers and numerous baskets of golden glow interspersed with purple locksper.

The bride was attired in white georgette and lace over white satin. She wore a rhinestone headband and carried a shower bouquet of white roses, lilies, and locksper. The bridesmaid was gowned in powder blue georgette and wore a headband of rhinestones, and carried a shower bouquet of pink gladioli's, locksper, and baby's breath. While the bridal party went to Kenosha for photography, over fifty relatives went to the bride's parents, where a bountiful wedding dinner was in readiness upon their return. The table decorations were in pink and white with a profusion of flowers throughout the house.

Both Mr. and Mrs. Gillmore are well known and highly esteemed in this community, where they have grown up. The bride is a daughter of Mr. and Mrs. Edward E. Powell, and a well known rural school teacher. The groom, who is the son of Mrs. Anna Gillmore is a farmer in southeast Bristol. The couple are on a two week's motor trip to the Black Hills.

Sunday, August 25, the Lutheran church will conduct its annual mission festival. The Rev. M. F. Plass of Oakwood will deliver the German sermon, services beginning at 10 o'clock. A chicken dinner will be served at 12 o'clock and in the afternoon, at 2:30 o'clock, an English service will be held. The Rev. E. Sponholz of Slades' Corners will occupy the pulpit and a quartette will sing at both services. A cordial invitation is extended to all.

A company of twelve members of the Bristol chapter of the Order of Eastern Star availed themselves of the opportunity of visiting the Antioch chapter Monday evening. Mrs. Margaret Maleski, Worthy Matron in Bristol, held the office of Martha and Elwin Manning, Worthy Patron here, held the office of secretary.

Mr. and Mrs. H. B. Gaines and Mr. and Mrs. Clare Bryant and Willard motored to Kewanee last week to visit Dr. and Mrs. Grady. They spent the week-end at Clark Lake in Door county.

The concert which was to have been given by Chris Nelson and Rev. Johnson with other assistants was postponed until next Sunday evening, August 25. It will be held in the M. E. church.

Mr. and Mrs. Olin Monroe, Chicago, are spending a two week's vacation with her parents here.

The Ladies' Aid society will meet Thursday afternoon with Mrs. Eleanor Jones.

The Clyde Jackson family and Mr. and Mrs. Charles Butrick visited parks in Milwaukee and Racine Sunday and also Peabody Springs.

WEST KENOSHA CO. FAIR TO BE HELD AT WILMOT, SEPT. 18-20

\$6,500 Raised For Indoor Improvements at High School

The West Kenosha County fair will be held at Wilmot, September 18, 19, and 20. This will be the tenth annual fair held here. Plans had been made to hold it in Kenosha on the grounds which were purchased for that purpose by the County board, but it was found that they could not be prepared in time for this fall.

Only tentative plans for the fair have been outlined thus far. One new innovation will be a tent 60 x 200 ft., which will house all the merchant and auto dealers' exhibits. Merchants will find their booths constructed for them. Space in this tent is to be rented from the Exposition company of Kenosha.

The annual parade is listed for the opening day, Kenosha Day, with the Eagles band from Kenosha playing. There is a possibility of securing Gov. Kohler, to speak. The committee in charge of obtaining speakers for the three days is composed of Russell Jones, R. S. Hlenfeldt, and Jake Van Bendegom.

No special plans have been made for the second day as yet; the third day is to be Agricultural day and the North Shore band has been donated for the last day of the fair.

One disappointment has been the delay in the compilation of the premium books, which were promised for August 1, and will not be issued now, owing to the work not having been done as promised until September 1.

The usual merry-go-round will be on hand. There will be dances all three nights with music furnished by a nine-piece orchestra from Kenosha. Other amusements secured now are the Srehlow Jr., Review, three girls of nine years of age; and the Howe-Cook Acrobatic troupe. Secretary Freeman has received many bids for the dinner privilege, but thus far, the contract has not been given.

Stock and poultry entries cannot be listed until the premium lists are distributed.

The Fair board will again have its refreshments stand under the direction of Mr. and Mrs. J. Sutcliffe and will also take over other concessions this year.

Preparations for a bigger and better fair in every way are being made. The heads of various departments have commenced making arrangements for the different exhibits under their charge.

A special meeting of the voters of District No. 9 was called last Wednesday evening to vote on the question of raising the sum of \$6,500 for the purpose of constructing indoor toilets and an extra class room for the use of the high school. The measure was carried by a vote of 19-1.

The contract for constructing the building was let the last of the week to Luettgen and Swartz of Burlington. Actual work on the remodeling of the old building and the construction of the new was started Monday. The building is to be completed the last of October. The opening of school has been delayed for one week, the time set now is Monday, Sept. 9.

the boys' and girls' club work, is planning to have two teams representative of the local club at the State fair in Milwaukee next week. Aileen Memler is training the Home Economics team, composed of Mary Scholds and Claudia Vincent. Mr. Schnurr is taking a live stock judging team, composed of Adolph Fiegel, John Memler, and Frederick Gilmore.

Hazel Scholds, Floyd Memler, and Ethel and Irva Blood will be in Milwaukee during the Fair in connection with exhibits they are making.

Mrs. James Montgomery, who has had a serious set back and again is a patient at the Saylor hospital in Portage, is reported as improving.

Members of the County board and other county officials with their families embarked last Thursday at the Wilmot pier for a boat ride through the Lotus beds, Nippersink Lake, and Platakee Lake to McHenry, where a chicken dinner was served the party at the Justen hotel. The trip was arranged by John Ludwig of Silver Lake and about seventy-five took advantage of the opportunity to spend a day in scenic northern Illinois.

At a business meeting of the women of the West Kenosha County Fair association at the gymnasium Tuesday evening, the ladies voted unanimously to give up the dinner concession which they have held for nine years, during the fair. It was largely the profits made from the dinners given by the women of the fair district that built the gymnasium.

The Wilmot Cemetery Helpers will meet at the home of Mrs. John Gauger Wednesday afternoon, Sept. 4.

"I'LL SAY THAT KONJOLA IS THE MASTER MEDICINE"

Man Had Abandoned Hope When Advanced Compound Came To The Rescue

MR. E. E. SMITH

"Konjola is indeed, the master medicine of them all," said Mr. E. E. Smith, 504 South Nell street, Champaign, Ill. "My whole system was in a rundown condition — I was weak and tired out all of the time. I suffered mostly from indigestion. Gas formed in large quantities causing soreness and extreme pains. I was chronically constipated, so that even the strongest laxatives had but temporary effect on me.

"I had read much about Konjola, and gave it a chance. Before I knew what was happening, I began to gain in strength and vitality. My stomach was then cleansed and regulated. By the time I completed the fifth bottle I was a well man. Constipation has disappeared and I never have to take laxatives any more. To Konjola I owe this remarkable recovery and it is a pleasure to endorse it."

Konjola is sold in Antioch at S. H. Reeves' drug store, and by all the best druggists in all towns throughout this entire section.—Adv.

What Constitutes a Gentleman?

By THOMAS ARKLE CLARK
Dean of Men, University of Illinois.

I was for a considerable number of years in the unpleasant office of treasurer of an organization. The duties of which required that I make collections from various members who had made subscriptions for the support of the group. Now asking people for money, even for money they have quite voluntarily agreed to pay, involves certain embarrassments.

I had written Pinkerton twice a year for six or seven years, politely, too, calling his attention to the fact that his notes were overdue and the indebtedness increasing as time went on, and emphasizing our need of funds. There was no reply, no remittances, nothing but silence, but a good deal of that, and yet the man was quite able to pay. Patience ceased to be a virtue; the worm turned.

I wrote brother Pinkerton that I should put his account into the hands of a reputable attorney. Having failed in one way to collect I should try another. I met him a few days later. There was no joy in his countenance, no glad hand extended, nothing of cordiality in his greeting.

"I have read your last letter," he announced to me, "and I think you are no gentleman."

It was a question, I answered, that I was prepared to argue, but whatever the final decision might be, it seemed to me it hardly affected his indebtedness to his organization. The experience led me to ask myself, "What are the characteristics of a gentleman?"

A gentleman still, I think, has respect for women and for old age. I was walking down a corridor of a public building not long ago, when I came upon a young man, his hat on his head, a cigar between his teeth, talking to a young girl. As I came by he removed his hat and took the cigar out of his mouth. He still had respect for old age, but for women—well, he had not really given the matter a great deal of consideration.

A gentleman is clean of speech, clean of body, low voiced, little given

LOCAL 4-H CLUB MEMBERS GO BIG AT AURORA FAIR

Win Money, Loving Cup, Medals, and Several Ribbons

KUTIL IS CLUB LEADER

When the members of the Antioch 4-H club returned to this city Friday evening from the Central States exposition, which was held at Aurora last week, they brought home with them a large proportion of the "bacon" that was handed out by the judges of the various contests there. A silver loving cup, four medals, and \$356 in premiums were won by the local group, in addition to several ribbons.

Win in Three Contests

The silver cup was awarded to the entire group of Antioch Future Farmers for taking the best care of their livestock during the fair. The boys' excellence in cleanliness and orderly herdsmanship swung the judges' decision in their favor. In the Shepherds' contest, Julius Richmond, an Allendale boy; Ward Edwards, Antioch; and Harold Sheen, Salem; received gold, silver, and bronze medals respectively. Competing against 70 other boys in the Showmanship contest, Floyd Atwell managed to place third, for which rank he received a bronze medal. Members of the local group were also awarded several ribbons and cash premiums for the purebred dairy heifers, sheep, pigs, and standard-bred poultry which they exhibited.

Local 4-H Club Members Named

A list of the exhibitors from the Antioch 4-H club is as follows: Lloyd Atwell, Lloyd Barnstable, James Herman, Russell Fields, Harold Wells, Kenneth Denman, Roy Bonner, Howard Bonner, Frank Turk, Robert Hughes, Harold Sheen, Ward Edwards, Harold Edwards, Roy McNeil, Dorrr Cremin, Fred Griffin, Julius Richmond, Gilbert Reed, Geo. Kellogg, Homer Edwards, Jack Neahous, Holger Nielsen, William Yopp, Russel McNeil, Ralph McGuire, Carl Pachay, Sidney Hughes, Paul Nielsen, and Norman Barthel.

4-H Club Campers Are Named

Those who spent the week at the 4-H club camp are: Lloyd Atwell, president of the club, Lloyd Barnstable, Harold Wells, Kenneth Denman, Roy Bonner, Howard Bonner, Frank Turk, Robert Hughes, Harold Sheen, Ward Edwards, Julius Richmond, Gilbert Reed, and George Kellogg. Other Lake county boys

to anger. At least when anger surges within him he controls it. Nothing marks a man as common more than loud, vulgar, profane and risqué talk, and a dirty body is only little less vulgar.

Respect for the feelings of others or the comfort or the happiness of others always marks the gentleman. Should I have dunned Pinkerton?

An old lady is sitting across from me in the Pullman and facing her is a young fellow who has evidently never met her before. He has pushed a cushion under her feet; he has adjusted her pillow to give her more comfort; he has helped her on with her coat as she was leaving the train. He seemed to me a good deal of a gentleman, for he had made her comfortable, he had relieved her of responsibility, he had made her happy.

A gentleman is modest, reserved, seldom insists on sitting in the front seat, and does not often offer advice unless he is asked for it. He does his duty whether it is pleasant or not, and in doing it tries to give others as little discomfort as possible. (© 1929, Western Newspaper Union.)

Dynamite and Oil

A successful method of locating oil is through the use of dynamite. The salt dome, in most cases far beneath the ground's surface, is usually but not always an indication of oil. To detect the domes, dynamite is exploded and the vibrations recorded by the seismograph. Vibrations pass through ordinary soil about one-third as slowly as when they pass through a salt dome, and the seismograph indicates the difference. (© 1929, Western Newspaper Union.)

SAFETY EDUCATION REDUCES TRAFFIC FATALITIES IN CITY

Deaths This Year Reduced 20 Per Cent, Chicago Police Dept. Says

Chicago, Ill., August 22 — Traffic fatalities in Chicago during the first seven months of this year were reduced 20.4 per cent as compared with the same period last year. The deaths in that period this year totaled 387; the number killed in that period last year was 469.

Those statistics were secured by the Chicago Motor Club from the Chicago police department. Charles M. Hayes, president of the club, declared that he believed the drastic reduction to be the result of intensive safety education which has been in process for some time.

"Such agencies as safety education in the schools; stories and editorials in the press; the school boys' safety patrol and the fact that the entire citizenry is realizing that one of the crying needs of the day is courtesy on the streets and highways and respect for motor vehicle laws are reflected in the number of casualties this year," Mr. Hayes said.

"Standing by themselves, the figures for this year are still shockingly high. It is only when we compare them with those of last year, when considered the vastly increased number of motor vehicles on the streets and the increase in population that they seem low. The reduction is sufficient, however, to indicate that the entire public is becoming conscious that careful driving and walking are imperative at all times."

who stayed at the camp and showed livestock were: Charles Dooley of Grayslake and Earl Kane of Mundelein.

C. L. Kuttil, instructor of Smith-Hughes agriculture at the Antioch Township High school, is the club leader. Mr. Kuttil and his family remained at Aurora during the entire week.

GIRLS ARE DRAGGED WHEN TRUCK BODY OF CAR DROPS OFF

Dorothy and Wilma Musch and Ruth Walsh Are Injured

When the truck body of the small Ford car in which they were riding became loosened and dropped to the ground, Dorothy Musch and Wilma Musch, both of Antioch, and Ruth Walsh, Chicago, who is a guest in the Musch home, were badly bruised and cut as the result of their being dragged several feet. The accident occurred on the Lake Marie gravel road about a mile west of Lake Marie at 8 o'clock Tuesday evening.

The car was driven by William Musch and in the seat with him was Art Grube. According to Fred Hawkins, who arrived on the scene shortly after the girls had landed on the ground, Musch was not driving at a high rate of speed. The boys were unaware that the truck had become loosened, until they heard the screams of the victims, who were

taken by Mr. Hawkins to Dr. Beebe's office. Wilma was the only one among the group who was unconscious. They are now slowly recovering at the Musch home.
